“ Clarence changed my life. He was a mentor and one of the kindest nicest men I have ever met in my life. He was a light that will be sorely missed. The veteran community will miss him, and all he has done to better the lives of so many people.

“ God placed Clarence in my life for a reason. I needed him. He was my mentor, my counselor and my friend. He always wanted more for me than I did for myself. He was a kind generous soul. He helped everyone that needed it. I miss Clarence everyday but I'm glad I had the chance to know him.

“ Clarence was very much a father figure to me. Over the last 8 years he gave purpose, guidance and strength. Before meeting Clarence I was treading water, but now I am leading all thanks to this man. Clarence is my Hero and I will miss him dearly.

“ Clarence will be always be remembered by those who’s lives he touched.

He was a soft spoken, generous soul who’s one directive was to help others become knowledgeable and certified in the Water/Wastewater industry. He wanted to see and help others prosper.

I miss him everyday. He left us too soon as he had so many more things to do on this earth. However, the Lord called upon him to come home, (maybe Heaven needed a new treatment system and Mr. Clarence was the one for the job) 🙏.

He always pushed me to be my best person and definitely encouraged me to get my certifications. But more than that , he is my friend whom I will always be grateful to have met.

“ Clarence was my friend for over 20 years. He was a good and kind man who always had a pleasant word for those he called friend. He was instrumental in my career and much of the success I have enjoyed is directly related to his mentorship. More than that was his willingness to help in times of distress. I will miss him.
