“ *I was one of the brothers Floree took care of. Me and her would go for long walks down the dirt road and through the woods. She took up a lot of time with me. She was my best friend and I will miss her greatly.*

“ A wonderful lady. I have so many good memories of her growing up and taking care of my brothers and I. I would make a point to go visit her every time I'd return to Timmons ville and she always seemed excited to see me and hear stories about my own kids. Unfortunate that I couldn't visit this past Christmas because she was feeling under the weather. We would chat about the weather and what she had planted in the garden. And she would fuss during March Madness and the World Series because the games interfered with her regularly scheduled shows. She was a great cook and when I was in school would always have me a snack or make a quick meal for me when I got off the bus. My favorite was always fried chicken. Always generous and giving. Never asked for anything and I never heard her complain, unless it was just too cold or too hot for her liking. When I was a kid, I begged her to get me a Christmas present and she managed to get me a little red toy car, which I still have today some almost 40 years later. I remember her singing while she worked around the house, usually some gospel tune. Sometimes I felt like she would take out her frustrations while ironing because the songs would seem louder and she would pound the clothes flat. I know my brothers and I were probably a little rough at times but she'd never tell on us when mom and dad got home. She would just say "look around" when my mom would get home from work as to what we had done. I remember she traveled with us one fall to the mountains and we went up to Mt. Mitchell in NC. We started climbing the mountain in the car and we eventually got to an overlook where she apparently she didn't care for the height as she stated "Alright now...that's far enough!" I will miss her dearly.

“ Mrs Floree was a sweet and loving person. She always spoke to me and grab my hand every time she saw me. It had been years since she saw me and just a few months ago she still remembered me. Ronnie and Bobby just know she raised you both to be excellent young men. She always held y'all close to her heart. She will definitely be missed. Praying for God to continue to give you all strength.
