“ *Herbert's house was always my touchdown spot. Didn't matter what time I arrived, the door was always open to me and I will forever be grateful ...for that special home away from home. This is definately sad news for me, because I have not visited with him in so many years.*

And as much as I wish you were here for one more chat with me Herbert, I understand that you have transitioned and are no longer suffering. May many blessings continue to flow in your honor, as you will be missed.

Love Bonnie
