“ Preston and I grew up together, we spent much of our youth playing ball and playing music, he inspired me to play the guitar at an early age. we played in church together along with his brother the late Elder John Dixon and also in the gospel group the Voices of Zion. we also played back-up for several other groups in the area. We traveled the gospel highway along side many of the legendary quartet groups of our time. We had lots of great times together and he will be truly missed. Heaven has just gained another great guitarist for it's rhythm section. I would like to extend God's absolute best to the entire Dixson family and all of the surrounding loved ones.

Love and Peace Always

“ Min. Preston Dixon you were the foundation for these group of kids and more... you taught us how to love ourselves, each other and unity, how to talk pride in our gifts and our craft, how to pray, how to worship, and most of all how to seek God for ourselves. The lessons you and Min. Blount taught us we still stand on today. I love you and I appreciate your presence in my life. RIH

“ My condolences to the family. I can remember growing up next door to Mr. Preston. He is one of the reasons I became to love music. Practices at his house in the front room was hard and stressful but I know he pushed us to get greatness out. We were the “Voices of Truth” and he would play that lead like it had a voice of it own. I’m gonna miss him but I’ll never forget him because music will always remind me.
