“ I met Tracy literally just passing by one day on a walkway. Then less than a week later I was in a jam and she stepped in to help. From that day on we introduced each other as sisters. If Tracy was your friend she would go to war for you. I still can't believe that you're gone sis. I will never forget you.. She loved to hear me sing and always encouraged me to pursue it. Always putting me on the spot to sing something. Last time I remember it was "hey sis sing happy birthday for me" as she held the phone up for me to sing to a family member. I'll never for get you Tracy and your contagious positively towards life. See you at the crossroads sis!😭💔

“ I'm am so sorry for this family loss. Tracy was one in a million kinda friend who touched everyone heart! My prayers go out to the family and her other friends. This has left so many heart broken . My granddaughter always thought of her as her aunt. And I just want the family to know if they need me for anything do not hesitate to ask. I helped when they had a loss in the family last year and during the time with her son and back and forth to the funeral home. I never thought I would have to say good bye to Tracy. BUT I also thought of her son as my nephew. If he needs me my door is open.day and night. I know they don't know me but believe me when I say I loved her so much. And my prayers are with yall!
Never forgotten my sister! Until we meet again ! Dawn Shelton Hudson
