“ My deepest condolences to the White family - I would like to take this time to thank God for the inspiration Uncle Willie B has deposit into my life - There's never been a visit nor phone call between us - Where he did not open my spiritual eye to the Word of God - He enlighten my inner man to appreciate life - And sharing , his take was God gave to me what was needed to give to someone else - As God's servant He uses people to serve each other - Uncle Bee I love you and above all our sharing of God's Word will help get me from Earth to Glory - Shining star shine on - In Jesus Name Amen. Thoughts of a Great Man, my uncle Willie B. He always was happy go luck man, even if he was going through you NEVER knew it. He always made me laugh even though I was feeling down. He just had this way of making people know that it's NOT as bad as it looks. In other words he let you know after feeling down or talking to him about what you were going through that everything was going to be ALRIGHT. Uncle you're going to be missed thank you for loving all your nieces and nephews. Thank you for the laughter and even thank you for the times when you had to give it to us RAW. Love Betty Nelson
